CYBERSECURITY FOR ALL v 2.0

Cyber4All 2.0 European Digital Innovation Hub (EDIH) will deliver a fully integrated portfolio of services that:

- Will increase digital (incl. AI) and cyber maturity of small and medium enterprises and Public service organisations
- Will prepare organisations for compliance with EU cybersecurity and AI legislation, including the NIS2 Directive, the Cyber Resilience Act, and the AI Act where relevant
- Will provide tailored access to finance services aimed at improving investment readiness and facilitating funding for innovations and sustainable digital transformation
- Will develop cybersecurity toolkits and testing environments
- Will strengthen regional and cross-border cooperation by engaging with EDIHs, national competence centres, and EU initiatives such as the AI-on-Demand Platform, ENISA, and Startup Europe

Start Date: 01.01.2026

Overall budget: 3 696 700,20 €

End Date: 31.12.2028

EU contribution: 1 848 350,12 €
